## **2009 American Recovery and Reinvestment Act - Section 179**

Section 179 allows your business to deduct purchased or leased equipment from your gross income during the tax year. Earlier this year Section 179 included several provisions intended to help benefit many areas of the economy including the Furniture industry. Two of the most notable changes are increased tax deductions and bonus depreciation allowances.

When your business purchases Kimball Office or National furniture your benefits include:

- ◆ Deduct up to \$250,000 in the first year if the purchase is \$800,000 or less
- ◆ 50% bonus depreciation in the first year if the purchase exceeds \$800,000
- ◆ Generate more cash for other investments

***Your purchase must be placed before January 1, 2010 in order to qualify.***
